IPROEX60D

Electronic expansion valve driver for iPro family programmable controllers

D: 4 DIN Rail mounting

Features

Power supply	24Vac/dc (from TF10D)

Probe inputs

0÷1V - 0÷5V - 0÷10V - 2÷20mA - 4÷20mA - NTC - PTC - DI	7 configurable

Digital inputs

Opto-insulated	3 configurable

Relay outputs

Configurable Relay Outputs	6x5A

Other Outputs

0÷10V outputs for external relay drives	3 configurable
CAN Bus output	present

Other

DIP switch for address selection	present
